

# Loughborough Boat Club

## Covid19 Safety Plan for use of launch

### 1. Preparation prior to outing

All contact surfaces including steering, controls, windscreen top, front panel, side rails, fuel tank and lines, boat hook, paddle and launch box to be washed down with soapy or bleach water.

Separate container with spare masks, disposable aprons and gloves to be taken on board.

### 2. During outing

Coach and driver to wear face shields and try to keep 1 metre plus distancing and have disposable apron and gloves at hand in the event of a rescue required.

### 3. In the event of a rower capsized

Rescuer to wear disposable apron and gloves.

Rescued rower to be provided with a mask as well as a space blanket.

Person recovering the boat and blades to wear disposable apron and gloves.

### 4. After outing

All launch contact surfaces including steering, controls, windscreen top, front panel, side rails, fuel tank and lines, boat hook, paddle and launch box to be washed down with soapy or bleach water.
